St. Petersburg, Feb. 17.—The Grand Duke Sergius, while driving through the streets at about 3 p. m., was killed by a bomb thrown by an unknown assassin.

His carriage was blown to pieces and the horses attached to the vehicle were instantly killed. There is much excitement and the troops were called out.

The Empress implored the Czar not to appear on the streets as there was danger of his life.

The grand duke was the uncle of the Czar and has been looked upon as the worst enemy of the common people, opposing every measure for their betterment.

The noise of the explosion was heard for many blocks around the scene and people hurried to the spot only to be driven back by the police

LOADHOLZ TO BE RELEASED.

Coroner's Jury Says Killing Was Justifiable.

Jacksonville, Fla., Feb. 17.—Owen Loadholz will be released from the county jail, an order to that effect having been signed by Coroner Willard who conducted an inquest over the body of May Brown.

The young woman was killed and her mother seriously wounded by Loadholz in a shooting affray Monday afternoon. Loadholz had been brought into court upon criminal charge by Miss Brown. She was accompanied by her mother, and when the judge announced a continuance of the case the mother and daughter drew pistols and fired at Loadholz. Neither of the shots struck him. He returned the fire, emptying five chambers of his revolver, killing the young woman and probably fatally wounding her mother.

The coroner's jury returned a verdict of justifiable killing.

GENERAL LEW WALLACE DEAD.

Famous Author and Soldier Dies at His Indiana Home.

Crawfordville, Ind., Feb. 17.—Surrounded by his family, General Lew Wallace, author of "Ben Hur," one time minister to Turkey and veteran of the Mexican and civil wars, died at his home in this city Wednesday night, aged 78 years.

The health of General Wallace has been waning for several years, and for months, despite the efforts of the family to keep the public in ignor

ance of his true condition, it has been generally known that his vigorous constitution could not much longer withstand the ravages of a wasting disease.

For more than a year he had been unable to properly assimilate food, and this, together with his extreme age, made more difficult his fight against death. At no time has he ever confessed his belief that the end was near and his rugged constitution and remarkable vitality have been responsible for prolonging his life several months.

Two Lives Lost and Many Injured on Submarine Boat.

A number of the crew of the British gunnboat Hazard volunteered to go to the rescue of the submarine boat's crew, but hardly had they got on obard the submarine when a second explosion took place and all the rescuers were more or less injured.

Lieutenant Skinner, an officer of the submarine boat, subsequently died of his injuries.

New York, Feb. 17.—Edward Harlam, one of the wealthiest pawn brokers in the city, has pleaded guilty to an indictment charging him with being a receiver of stolen goods.

He was remanded to prison to await sentence. Affidavits are said to be in possession of the state attorney showing that some person had offered to pay two city detectives $10,000 each and another man $5,000 if they would arrange evidence which would have shifted the case toward an innocent person, an ignorant foreigner, having been selected. In the latter's rooms it was proposed to place a quantity of stolen silk, some of which figured in the case.

Campaign Against Corporation Will Be A Rigid One.

KANSAS STARTS THE TROUBLE

Operations of the Standard Oil Company In Sunflower State and Texas Will Be Made Known—Other News from the National Capital.

Washington, Feb. 17.—President Roosevelt has directed the commissioner of corporations of the department of commerce and labor to begin immediately the oil investigation requested by the house of representatives yesterday in a resolution adopted unanimously. The campaign by the direction of the president will be rigid and comprehensive. The president has directed a letter to Commissioner Garfield in which he has given his directions and presented in outline his views.

The inquiry will be pressed as rapidly as possible. The scope of the investigation will occupy cannot be indicated at this time. Representative Campbell, of Kansas, the author of the resolution adopted by the house had a conference with President Roosevelt today. Mr. Campbell's idea is that the investigation should be of the situation in the Kansas field at first but it is the belief now that the investigation once begun will extend to the operations of the Standard Oil company in the Beaumont field of Texas and, perhaps, to other fields.

In the House.

The house today convened at 11 o'clock. In the absence of Speaker Cannon the house, under the rule, was called to order by Clerk McDowell. At the conclusion of the prayer by Rabbi Abraham Simon, the speaker appeared in the chamber and received the gavel.

Following the adoption of the conference report on the omnibus claims bill the house resumed consideration of the bill to provide a government for the Panama canal zone. All the committee amendments were agreed to, and the bill passed.

SOUTH AT INAUGURATION.

Southern Troops Will Participate in Military Parade.

Washington, Feb. 17.—The insterest of the south in the inauguration of President Roosevelt was evidenced today when word was received from North Carolina that the Wilmington Light infantry, of Wilmington, and Light Battery A, both of the North Carolina national guard, will march in the inaugural parade behind Governor Glenn and his staff.

Governor Blanchard, of Louisiana will head a detachment of his militia in the parade; Governor Warfield, of Maryland, will lead at least two Maryland regiments; Governor Montague of Virginia, will command a brigade from the Old Dominion, and Brigadier General Clarke, of the Alabama national guard, is recruiting a provisional regiment to attend the inauguration.

MAY RELIEVE KUROPATKIN.

War Minister Sakharoff May Take Charge of Eastern Army.

St. Petersburg, Feb. 17.—Many rumors are current of ministerial and military changes, including a report that War Minister Sakharoff may be sent to relieve General Kuropatkin and also one to the effect that M. Boulligan, minister of the interior, is not in sympathy with the situation and may retire in favor of General Trepoff, governor general of St. Petersburg.

The successor of M. Muravieff, formerly minister of justice, appointed ambassador at Rome, has not yet been appointed. Almost anything is likely to happen, but nothing definite has yet been obtained.

M. Annensky, editor of the Russian Wealth, who was arrested simultaneously with Maxim Gorky, the author and reform leader, was released today. Upon his appearance before a scientific society last night he was received with great enthusiasm.

A telegram from Sachetun reports that a fatal affray has occurred between Russians and Chinese at a village 40 miles northwest of Sachetun where a party of Russians went on a foraging expendition. The villagers seized the Chinese interpreter with the Russians and a fight ensued, during which a Chinaman was killed.

The villagers killed the interpreter and then fled.

OIL REFINERY FOR KANSAS.

Law Will Prevent Any Trust Under Selling the State.

Topeka, Kan., Feb. 17.—Governor Hoch will, it is believed, sign the bill providing for the erection by the state of oil refinery, passed by the house yesterday, but he declines to say anything of his intensions. The governor and his friends hoped, it is said, to defeat the measure, but the fact that the house passed it by such an overwhelming majority will, it is believed, deter him from vetoing it.

The bill as passed by the house yesterday, affects not only the oil trust so-called, but other combinations. The freight bills makes the railroads common carriers and in this way the oil trusts as well as other trusts, are to be fought. The anti-discrimination bill, which has been set for consideration tomorrow, is said to have enough friends to ensure its passage. This measure was drawn up with the intention of preventing any trust from entering Kansas and underselling the state.

ROBBED AN AGED WOMAN.

Two Men Arrested and Placed in Jail On Serious Charge.

Clarkesville, Ga., Feb. 17.—It is charged that two men, named Cannon and Candell, robbed an old woman, named Goss, who lives in the upper part of this county, of $2,700.

Her son came to town and swore out a warrant for Cannon and Candell and the sheriff captured Candell and got about $600 out of his house. Cannon could not be found. Candell is here in jail.

Mrs. Goss is a very old lady, 75 or 80 years of age, and, apparently, very poor, being a widow. Her husband, a year or so before his death borrowed money to pay some little debts he owed. No one seems to suspect that the old woman had any money, and no one has any idea how Cannon and Candell found out she had the money.

New York, Feb. 17.—John D. Rockefeller, head of the Standard Oil company, who is now in Lakewood N. J., has been informed of the action taken by the house of representatives requesting the secretary of commerce and labor to investigate the crude oil and petroleum situation, with special reference to recent developments in the Kansas field. Mr. Rockefeller received the news with considerable interest, but declined to make any comment. Officials of the company in this city also were disinclined to discuss the matter.

VENEZUELA DEFIES THIS GOVERNMENT

President Castro Has Seized Americans' Property.

IT'S NOW UP TO UNCLE SAM

The Decision of the Venezuelan Supreme Court Has Caused Much Excitement Among the American Colony in that Country.

Paris, Feb. 17.—A semi-official dispatch from Caracas, Venezuela, says that upon the pressure of President Castro the court has ordered the sequesteration of the landed property of the American Asphalt company.

This decision, the dispatch says, has caused excitement in the American colony at Caracas.

Washington, Feb. 17.—The state department today received a cablegram from Minister Bowen, dated at Caracas stating that the supreme court had confirmed its former decree sequestrating the property in Venezuela of the American Asphalt company. The action of the court brings the asphalt dispute to the critical point, for it is now incumbent upon the government here to make the next move.

INVESTIGATE PITTSBURG RATES

Judge Judson Clements Represents Interstate Commerce Commission.

Pittsburg, Feb. 17.—Judge Judson C. Clements, of Georgia, on behalf of the interstate commerce committee, began an inquiry here today into the alleged practice of charging excessive rates on industrial or terminal railroads in the Pittsburg district on tonnage received or shipped for transportation over various trunk lines.

The opinions on this important question, involving the reasonableness of the terminal or rebate charges on the various spurs and terminal roads owned by large manufacturers of the Pittsburg district, and is especially important to Pittsburg, inasmuch as the tonnage of this district is the greatest in the world, and the practice of maintaining spurs and industrial terminals to reduce the freight rate, is more widespread than in any other city or district.

PLANS OF SOUTHERN TRIP.

President Roosevelt Will Attend Reunion of His Rough Riders.

Washington, Feb. 17.—The plans for the president's trip to Texas to attend the reunion of the Rough Riders now being perfected, contemplate that he will leave Washington for San Antonio, Tex., about March 25, stopping enroute at Louisville, Dallas, Austin and Ft. Worth.

No definite decision has been reached as yet as to an extended hunting trip in Colorado and no official announcement of the intinerary to Texas will be given out until shortly before the date of departure as the circumstances might alter the plans. Except for a stop at Houston after the visit to San Antonio, it is said that no other towns will be formally visited than those to which invitations have been accepted. Arrangements are being made for a jack-rabbit hunt after the reunion.

The only date definitely fixed thus far is that for the holding of the reunion at San Antonio on March 21.

FRIDAV A BIG DAY AT THE TABERNACLE

Conference Was Favored With Most Beautiful Weather.

TRIO OF GOOD SERMONS

Dr. Lunsford Spoke in the Morning on "A New Crisis," Delivering a Most Able Discourse—Dr. Blackstone in Afternoon—Evening Service.

The beautiful weather brought out fine audiences to hear the Bible Conference speakers Friday. The tide of the Conference is rising, and a deep spiritual atmosphere prevails. It is a very remarkable thing that so many great men should be in such perfect harmony and sympathy in their teaching and spirit.

The Quiet Hour service at the 9 o'clock morning hour was conducted by Dr. Walker. It was a delightful service and the message was heart searching.

Dr. Lunsford's Lecture.

The morning lecture at 10 o'clock was delivered by Dr. William Lunsford. It was one of the very best addresses yet given at the Conference. He spoke from Mat. 4:18-22. Dr. Lunsford's theme was "A New Crisis." He said:

"A crisis is a turning point, a critical moment which comes to the individual. The crisis to the four disciples mentioned in the text follows the crisis in the life of our Lord in the temptation in the wilderness. The surroundings to the scene are most significant—the river where the baptism of Christ occurred, the wilderness, lonely and forbidding, and the Sea of Galilee, restless and unhappy. The text discloses five things, namely: A Call, Crisis, Position, Results and Power.

"1. The Call.—These disciples knew Jesus before. They knew His voice, they knew His person, His power, and His claim on them and in, a sense, they were his followers, though sometimes following a long way off. James and John, Andrew and Simon were two sets of brothers. They already had heard the call to believe in Jesus, but this was a distinct call to surrender to Him entirely.

"2. Crisis.—The Christian life is not always growth. There are great days, great seasons, crisises. All of life depends on one of these periods, and we are either better or worse after such a crisis. God strikes down now, just as suddenly, as when He struck Belshazzar, Herod, Ananias and Saphira. Felix reached the great crisis when he trembled before Paul, and went back from the great opportunity, I believe to be a worse man. Napolean said that there was always a pivot point in every battle, and after that the conflict always swung to victory or defeat.

"3. Position.—We are called to make a great sacrifice. Sympathy and humility are great Christian graces, the greatest Christian grace is the one that brings me to say, 'No,' and to lay myself on the altar. Religion does not become real till it reaches outside things. A mother, who had an only son, was very desirous that he should be a lawyer, and accordingly he prepared himself for that profession. One day, however, he came to her and told her that he felt the call of God to be a missionary. The mother was greatly incensed, but the boy began to perpare himself for the great work. One day, the mother in her room alone fought out the great battle and won the victory. When the time came for his departure, as he stepped in the wagon to leave the old home, his mother, leaning upon the arm of her husband, drew from her finger her engagement ring, and said as she placed it upon his finger, 'Wear this until we meet upon earth, or in heaven.' Shortly after reaching Africa, the young man died, and in a little while the mother followed. And I believe that for many years they have been walking the streets of the New Jerusalem and I doubt not that the ring has been placed upon the mother's hand. God tests us to take this position of faith. He does not explain—simply says 'Take it.'

"4. Results.—Jesus never forgot that the disciples left all to follow Him. He never forgot the surrender they made. He has my name down, and He knows me by name, as well as by characteristics. If you have ever surrendered to Jesus, He knows it and remembers it. The disciples got better all the time. They were better after the first call and still better after the second, but not perfect men until Pentacost; then they sprang up as men clothed with power.

"5. Power.—My place of victory is the point of surrender to Jesus Christ. 'I will make you fishers of men.' I will make you. There is power, and so we become successful through the power of Jesus."

The Afternoon Session.

At the afternoon hour Dr. Blackstone spoke on the Second Coming of Christ, Jno. 14:3, "I will come again." "It is said of Dr. Gordon of Boston that he was in his study one day, tired and weary, writing a sermon. He fell asleep and dreamed that he was preaching. Just as he began, he saw a stranger come in and sit in the pew of one of the deacons. He could not see anyone else in the congregation during the sermon. At the close of the sermon, he started to go down to speak to the stranger, but he was interrupted, and before he reached the pew the stranger had disappeared. He asked the deacon who the stranger was. The deacon said it was Jesus Christ, but that he would come again. At this Dr. Gordon awoke. But the dream made a change in his pulpit, in his cultivated choir, which was dismissed, and in the congregation. The church gave money for charities as never before.

"This great doctrine of the Second Coming of Christ had its inception in the Garden of Eden, and we read, 'The seed of the woman shall bruise the serpent's head.' Also the promise to Abraham, 'In thee and in thy seed shall all the nations of the earth be blessed.' Isaiah said, 'Behold, a virgin shall conceive and bear a child, and shall call his name Immanuel.' There are two comings of Christ in the Bible. First, the coming of Messiah to Israel, and second, the coming of Christ again. The reformed Jews have given up all thought of the coming of the Messiah. The orthodox Jews believe it. Zechariah says that He is to come on a colt, and in another place that He is to come in the clouds of heaven. The rabbis have invented two Messiahs. One from the tribe of Joseph to be killed, the other from the tribe of Judah to rule. The greatest prophesied event of the future is that Jesus is coming again. This fact occurs in the creeds of all churches. The coming of Christ does not mean death, for death is an enemy, and the coming of Christ is to reunite us with our loved ones."

At night Dr. Lunsford delivered a grand sermon on "Fellowship With the Father," to a splendid audience.

Big Educational Meeting Ends.

Boston, Feb. 17.—No convention of an educational character held in Boston has been marked by more meetings than those held yesterday by the religious education association and those arranged for today when the convention was to be brought to a close. The various sessions so far have been attended not only by accredited delegates to the convention but also by many people of greater Boston, who have been attracted by the scope and variety of the topics discussed and by the ability of the speakers. Interest in today's meetings centered largely in the session of the general convention.

Perished for Child's Sake.

Cheboygan, Mich., Feb. 17.—Albert Fluery walked on the ice from Bois Blanc island to this city Saturday night to get medicine for his sick child. The mercury was 16 below zero, and a wild snowstorm was raging, but he bravely set out on the return trip about midnight with a lantern and compass to guide him. That was the last seen of him, and there is little doubt that he perished and his body was covered by drifting snow. His wife came to this city to look for him, and a large searching party was organized, both here and on the island to search for his body. He was 31 years of age.

How Javanese Settle Quarrels.

The Javanese manner of settling quarrels is quite original. When one man has offended another the injured party gives notice that he is angry by drawing in the sand before the door of the offender a circle with a straight line across it, indicating that his affection, which would have been eternal, has been cut in two. Friends of both parties then shut them up. They parley awhile, then pretend to be born again, prattle as little children and finally as men become reconciled and embrace. Should one be refractory and refuse to be conciliated he is ostracized by the community so effectually that he is soon brought to terms. It is just possible that our enlightened citizens might consider this method better than knockdown arguments and certainly much cheaper than going to law.

Fines For Church Shirkers.

After being dormant for some years the act (3 Jas. I. c. 4, 1606) which provided that any person absenting himself from his church on a Sunday without sufficient excuse should be fined twelvepence for each absence and imprisoned in default of distress on his goods until the fine was paid was revived in 1838. A report of the inspectors of prisons contains a list of eleven persons in Lancashire fined and imprisoned under the act between Feb. 12, 1839, and May 10, 1840. In one case a laborer was in prison for ten weeks (until released by order of the home secretary) after being convicted in a penalty of 1 shilling, with 14 shillings costs, for having been absent from church a single Sunday. This act was repealed, so far as regards Roman Catholics, in 1844, and wholly in 1846. —London Chronicle.

YOUNG WIFEHOOD

Boston, Mass., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement. Bertha Ricker

President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures falling of the womb, leucorrhœa, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A $1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

A DELIGHTFUL RECEPTION.

Mesdames Strobhar and McCreary Entertained Daughters Confederacy.

One of the most delightful social affairs held in this city for some time was the reception tendered by Mesdames J. N. Strobhar, the incoming president, and Mrs. H. H. McCreary, retiring president, of Kirby Smith Chapter, United Daughters of the Confederacy, at the home of Mrs. Strobhar, East Church street, Thursday afternoon.

The reception was tendered complimentary to the members of Kirby Smith Chapter and J. J. Finley Chapter, United Daughters of the Confederacy. There were thirty-two ladies of Kirby Smith present and eight members of J. J. Finley Chapter, being Mrs. W. B. Taylor, president; Mrs. J. W. Patton, Mrs. W. T. Chesnut, Mrs. J. B. Gerald, Miss Mayme Finley, Mrs. Lynn and sister, Mrs. Morton, of High Springs, and Mrs. J. M. Rivers. In addition the following visiting Daughters accepted the hospitality of the occasion: Mesdames N. D. Phillips, M. B. Saunders, W. J. Denby, Rachael Haile, and Mrs. Jordan of West Virginia.

Mrs. Strobhar, in her usual hospitable and graceful manner, received the guests at the door. She was assisted by Mesdames H. H. McCreary, retiring Chapter president, and Mrs. M. E. Drysdale of Jacksonville, vice-president of the Florida Division, U. D. C.

The dining-room was tastefully decorated, the color effect being the Chapter colors, red and white. The young ladies of the Chapter served refreshments consisting of cake, tea, coffee, cocoa, wafers, olives and salted almonds.

After a most delightful afternoon the guests took leave, wishing the clever hostesses "joy and prosperity."

Those who attended this most hospitable reception, which was all the more enjoyed for its informality and cordiality, feel under many obligations to Mesdames Strobhar and McCreary.

An invitation had been extended to Mrs. H. E. Stockbridge, president of the State Division, but that excellent lady was prevented from being present on account of illness, which fact was regretted.

REPUBLICANS MEET.

Republicans of Gainesville Nominate Ticket for Coming Election.

The Republicans of Gainesville held a meeting at Rising Sun Hall, North Arredondo street, Thursday night for the purpose of "discussing" the municipal political situation, and placing a ticket in the field for the election, which will be held in April.

The Hon. S. B. Willis occupied the chair with his big stick to keep order, while the Hon. Augustus Waters kept tab on the proceedings.

The following ticket was nominated, the majority being Democrats:

For mayor, W. R. Thomas; for clerk and treasurer, J. M. Dell; for assessor, W. M. Bradford; for collector, D. A. Robertson; for aldermen, A. M. Cushman, J. B. Padgett, W. B. Taylor and L. C. Lynch.

As will be noted, a full ticket was not nominated, that of marshal having been eliminated. However, the club will hold another meeting next week, and each week thereafter, when ratifications, amendments, additions, etc., will be freely and enthusiastically discussed.

A VALUABLE PRESENT.

Marcus Endel Purchases Interests of His Brother in Endel Block.

Marcus Endel has purchased from his brother, J. M. Endel, all his right and title to the elegant brick building at the corner of West Main and Liberty streets.

This block was erected in 1885 and is one of the handsomest in the city. It contains two stories. The lower floor is occupied exclusively by Marcus Endel as a clothing and gentlemen's furnishing store, while the up-stairs is used as office rooms.

Friends of Marcus Endel are congratulating him upon acquiring full possession of the property.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doeses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.

Mixed Types.

Some years ago the editor of a down east newspaper undertook to compliment an eminent citizen as "a noble old burgher, proudly loving his native state," but the neatly turned compliment came from the compositor's hands "a nobby old burglar, prowling round in a naked state." This was as perverse and shocking as the blunder in the message Ernest Renan had occasion to telegraph across the English channel on the subject of a proposed lecture by him in Westminster abbey. The subject as written by him was "The Influence of Rome on the Formation of Christianity." It was announced in England as "The Influence of Rum on the Digestion of Humanity!"—Saturday Evening Post.

Dancing Birds.

Sailors visiting the island of Laysan, in the Hawaiian group, are greatly amused by the curious antics of the Laysan albatross, or gony. These birds sometimes perform in pairs a kind of dance, or, as the sailors call it, "cake-walk." Two albatrosses approach each other, nodding and making profound bows, cross their bills, produce snapping and groaning sounds, rise on their toes, puff out their breasts and finally part with more nodding and bowing, only to come together again and repeat the performance. Occasionally three engage at once in this singular amusement.

The Preacher's Closing Word.

The members of the Rev. Dr. Fourthly's congregation settled themselves resignedly in their seats.

He had just said, "One word more, and I have done."

The doctor looked keenly at them over his glasses for a moment.

Then he closed the book in front of him.

"Amen," he said.—Chicago Tribune.

The Reason For It.

She—No, Mrs. Gayley is not popular. The moment she entered the room where the sewing circle was assembled there was a painful silence everywhere. He—I see. A silence is so particularly painful to women that the person responsible for such a condition must of necessity be unpopular.

Knew Her Mamma.

Policeman—Well, my little dear, if you can't tell me your mother's name or where she lives, how are we to find her? Little Girl (lost while out shopping)—Jes' put me in a shop window, an' mamma 'll be sure to see me.

Adirondacks.

"Adirondacks" is an Indian word meaning "wood eaters" and was a term applied in derision to a defeated Indian tribe driven to the mountains by the Iroquois and forced to live there on bark and berries.

Berlin a Fairy City.

Berlin is at its best at night. It has discovered the secret of electric lighting, and when people step out from their offices and shops at 8 and 9 o'clock at night it is into an enchanted city. The solid palaces, the monstrous statues, the enormous houses and wide spaces of the long and stately streets are then soft and gracious with a fairy radiance. It is a city not only of prosperity, but of pure delight. The heaviness of the buildings and the rigidity of their lines are blurred and softened. In this clear northern air the million lamps blazing from the walls of houses, shining across the interminable streets and glowing in a straight line down the whispering avenues, have something of the magic gentleness and sensuous inspiration of an Arabian story. You begin to think Berlin is the greatest city in the world.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

Kind Words.

A word of kindness is seldom spoken in vain, while witty sayings are as easily lost as the pearls slipping from a broken stream.—Prentice.

A Forecast.

She—Dearest, we'll have a lot to contend with when we are married. He (absently)—Yes; we'll have each other.—Milwaukee Wisconsin.

He alone has energy who cannot be deprived of it.—Lavater.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ADVANCING.

The city of Gainesville is unusually free from the presence of tramps and idlers that are infesting other portions of the State, and this is owing to the demand for labor of all kinds. Carpenters and all classes of workmen are kept busy on the numerous new residences and buildings that are being erected, and the only time they are idle is when they may be detained on account of the non-arrival of material

In all parts of the city the noise of the hammer is heard. New buildings are being rushed to completion, old buildings are being overhauled and improved, the painter is putting on the finishing touches, and Gainesville is increasing in beauty and population in a way that is a credit to the enterprising citizens. We are certainly advancing.

The pardoning board should be, if it performed its duty well, of valuable aid to the Governor and relieve him of the work of investigating into the merits of the applications for pardons, and reporting the facts to him. But such boards are too often an organization to which influential men may appeal in behalf of certain convicts with a fine prospect of success, and political pull may be utilized to induce it to use clemency. A measure to make the trial judge, the prosecuting attorney and the jury that tried the offender the advisory body, and the conduct of the prisoner after conviction be taken into consideration, would give no chance for the exertion of any indue influence, and clemency then, perhaps, would be exercised as often as necessary.

The Tourist and Homeseeker is the latest seeker of favors from the public. It is a monthly publication, and will be found of interest to those seeking health, homes and happiness in Florida. Well printed, well patronized by advertisers, containing much useful information. Send 10 cents and get this 16-page publication for a year. Address Tourist and Homeseeker, Jacksonville, Fla.

The question which is causing some comment at present is: "Who will be Judge Swayne's successor if he is convicted?" But this need not worry anyone very much. There will be plenty of loyal Republicans to fill the place, and no doubt a dozen or more have been found already that his shoes fit exactly. The other extremity does not cut much of a figure.

Loadholtz, the Jacksonville man who shot a woman with a concealed weapon he carried, was set free because he shot in self-defense. The man who walked from Silver Springs to Ocala and shot reptiles on the way with a concealed weapon he carried, was fined $50, and himself and wife locked in jail.

Gen. Lew Wallace, former minister to Turkey, a soldier of the Mexican and Civil wars, died at Crawfordsville, Ind., Wednesday. He was the author of "Ben Hur," a work which brought him fame over the entire civilized world.

Atlanta has got the State fair away from Macon, but the latter city will have a fair just the same and offer big premiums.

POINTS TO ADVERTISERS.

Judicious advertising has been the foundation stone of many fortunes, says a man who speaks from experience. Injudicious advertising is a waste of money. Some persons know how to advertise so as to get the full worth of their money; others spend more money but get no apparent returns.

How to advertise, what to advertise and when to advertise; these are the three questions that present themselves to the business man, which, if answered correctly, will bring him undoubted success.

There are many ways of advertising and the novice in the business finds himself perplexed as to which to adopt. But let him consult anyone who has made a fortune through advertising, and in 99 out of 100 cases he will learn that the medium of success was the newspaper or magazine.

Anyone of a thousand devices may serve to catch the eye and rivet the attention for an instant, but the newspaper and magazine advertisements are read and pondered over and remembered, and when the reader wants any particular article he goes to the place where it is advertised to be on sale.

The time to advertise is all the time: an advertisement is never idle; it is sending trade to you while you are asleep, or while you are away on a vacation. The best time to advertise is when business is getting a little dull, when customers are few and hard to please. Then it is time to stir up business and force it to come your way.

The man who stops advertising because trade is dull is like the man who neglects to mend a leaky roof in dry weather because it doesn't leak then.

INDUCING IMMIGRANTS.

Many papers throughout the State are publishing long articles in regard to inducing foreign immigrants to locate in Florida, and there seems to be much stress laid on the encouragement of Italians to the Land of Flowers. While the Italians come from a warm climate, there are hundreds of them located in the Northern States, where they seem to prefer to remain. Colonies of them can be found along the Northern shores of the Great Lakes, where they are engaged in farming.

In the North are also to be found Danes, Swedes, Norwegians, Finns and Germans. Of these there is little choice in regard to their making good citizens and their thriftiness. They are quiet, law-abiding, and industrious, and come to this country with a view of making it their home.

Another point in their favor is the respect they have for American institutions, and at all times they have been found most loyal to the laws of the land and become thoroughly American in their ways.

Many Danes and Swedes have gone into the dense forests of the North, and by hard labor transformed the unbroken wilderness into the most beautiful farms to be found anywhere in the land. They employ the latest farm implements in their work, take a pride in their personal appearance and make a class of citizens that are a credit to any State.

The work of the evangelist, Evan Roberts, in Wales, is creating a great furore, and it is said that the singing of Miss Annie Davies, a girl of 18 years, is materially aiding the work along.

Miss Susan B. Anthony is 85 years old; but it don't seem possible that she is only that old.

The man behind the ad. is the one that does the business.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Rear-Admiral Hichborn Praises Pe-ru-na.

REAR-ADMIRAL HICHBORN.

ADMIRAL'S WORDS CARRY WEIGHT.

REAR-ADMIRAL HICHBORN is one of the best known admirals of our navy.

His statement concerning Peruna will have much weight as it goes out into the world.

What he says is echoed by many other naval officers of high standing.

WHAT THE ADMIRAL SAYS.

Philip Hichborn, Rear-Admiral United States Navy, writes from Washington, D. C., as follows:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."—Philip Hichborn.

AN EVERPRESENT FOE.

The soldier and the sailor are especially subject to catarrh in some form or phase.

Exposed as they are to constant changes, subject as they are to various vicissitudes, and all kinds of climate, wet and dry, night and day, they find catarrh to be their most insidious and everpresent foe.

In the barracks and on the field, Peruna is equally efficacious.

Taken in time, it will absolutely prevent catching cold.

PE-RU-NA AN ABSOLUTE SPECIFIC.

After a cold has become established, Peruna will break it up quicker than any other remedy known to man.

Even after a cold has become settled in some organ of the body Peruna can be relied upon to promptly dispel it.

Peruna will cure catarrh, whether acute or chronic, but a few doses taken in the first stages of the disease will be more effective than when the disease has become chronic.

If you suffer from catarrh in any form, do not neglect it. Take Peruna at once. Delays in such matters are dangerous.

RECOMMENDS PE-RU-NA.

"I am convinced of Peruna's curative qualities and I unhesitatingly recommend it to to all persons suffering from catarrh."—Commodore Somerville Nicholson.

FROM HIS OWN EXPERIENCE.

"The use of your Peruna as a remedy and cure for catarrh by many of my friends who have been benefited by the same, as well as my own experience as to its efficacy and good tonic properties, causes me to recommend it to all persons."—Ex-Lieut. U. S. Navy, James M. Morgan.

PE-RU-NA CURES THROAT CATARRH.

"I can cheerfully recommend your remedy, Peruna, to my friends and other sufferers as one of the best remedies I have ever tried for catarrhal troubles of the throat and kindred diseases. I also consider Peruna a grand tonic."—Admiral James A. Greer.

FOR COUGHS AND COLDS.

"I have used your Peruna with satisfaction and can cheerfully recommend the remedy as an effective remedy for coughs and colds."—Rear-Admiral J. A. Howell.

USED PE-RU-NA IN HIS FAMILY.

"I have used Peruna in my family with the most flattering results.

"I can recommend your valuable remedy as a most efficient remedy for coughs, colds and catarrh."—Col. U. S. Marine Corps, C. J. Porter.

No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

We have on file thousands of testimonials like those given above. We can give our readers only a glimpse of the vast array of endorsements Dr. Hartman is receiving.

K. OF P. MEETING.

Knights of Alachua Showed Them a Big Time Thursday Night.

Those members of Mount Vernon Lodge No. 20, together with representatives of other lodges throughout the district who attended the district meeting of the order held at Alachua Thursday evening, are loud in their praise of the hospitality extended by the good brothers of Alachua Lodge No. 82. There were present at this meeting, which was presided over by District Deputy Grand Chancellor Dow of this city, fifty-two, including delegates and members of Alachua Lodge.

Mr. Dow, who is one of the most genial and widely known Pythians in the country, presided with his usual parliamentary efficiency. Since his appointment to the responsible position which he holds he has manifested especial interest in the work, which has had a telling effect.

After the regular program had been disposed of, work was taken up in the rank of Esquire, two candidates being in readiness. By special dispensation the rank of Knight was then conferred upon the same candidates, the work in both ranks being of deep interest to those present.

At the conclusion of the work the members were treated to a delicious quail supper. Refreshments were in abundance and it is needless to add that they were greatly enjoyed.

Visiting Knights are under great obligations to their Alachua brothers, who entertained them in a most royal manner, taking them into their homes and treating them like princes.

VLADIVOSTOK IS BLOCKADED

Non-Combatants of Port Arthur Reach Che Foo in Awful Condition—Japanese Lack Transportation Facilities to Remove Russians to Shanghai.

Tokio, Feb. 17.—The following dispatch received today from the headquarters of the Japanese armies in Manchuria :

In the direction of the Shakhe river our artillery, Feb. 14, bombarded Chiehensunmupatosu and set fire to that village. The enemy's artillery in the neighborhood of Sanchengtzu mountain replied.

During the night of Feb. 14 a section of the enemy's infantry attacked Waitao mountain and, at dawn on Feb. 15, a battalion attacked Waitao mountain but the Russians were entirely repulsed.

In the direction of Chitaitzu in the morning of Feb. 15 500 of the enemy's cavalry advanced into Santize from Shentzaimen, 3 miles northwest of Chitaitzu. Another force of cavalry advanced south along the right bank of the Hun river Feb. 14 and passed the night in the neighborhood of Chanchiawatzu placing outposts in the vicinity of Kavehangtzu.

Before the arrival of our detachment dispatched to dislodge the enemy, his force began to retreat north. Our detachment quickly pursuing him towards Heiyukou inflicted some damage. The enemy's artillery taking up a position in the neighborhood of Wanchiawoheng, covered his retreat. The enemy's strength was about 10 squadrons of cavalry and artillery.

Arrivals at Che Foo.

Che Foo, Feb. 17.—A steamer with a hundred and seventeen non-combatants arrived here today from Port Arthur. Very few non-combatants now remain at that place.

Convalescent soldiers totalling 2,500 will begin arriving at Che Foo, Feb. 20. The local Russians are indignant, claiming that they are unable to care for the healthy let alone invalids. The Japanese lack means of transportation to take the invalids to Shanghai.

Company Being Organized in San Francisco to Install Plant.

San Francisco, Feb. 17.—A representative of a wireless telegraph company is here arranging for the installation of a plant for communication with Panama by a direct coast route and by way of the east via Denver Kansas City, Chicago, New York, Key West, Porto Rico and Cuba.

Following this direct communication will, it is said, perferected between this city, the Philippines, the Orient and the Hawaiian islands. An effort is now being made to secure the sites for the necessary stations in this city or in its vicinity.

Bond Guilty of Murder.

Boise, Idaho, Feb. 17.—A verdict of murder in the first degrees has been returned by the jury against Fred Bond, on trial for the murder of Chas. Daly, in this city last October. Bond was a boarder at the house of Daly, and appears to have been the paramour of the latter's wife. Daly was shot and struck with a hatchet. Mrs. Daly at first represented that she had killed her husband, but it developed that she was persuaded by Bond to tell that story. She is held as an accomplice, and was the principal witness against Bond.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and $1 bottle. Sold by W. M. Johnson.

FIND NEGRO LABOR BETTER.

Chicago Factories Displacing Foreigners to Lessen Accidents.

Chicago, Feb. 17.—Negroes are taking the places of foreign white laborers in the steel plants and other big factories in and around South Chicago. While the negroes may not work cheaper the theory is that they can be made to understand the instructions of foremen more easily than the foreigners and thus lessen the number of accidents.

W. W. Hale, general superintendent of the South Deering plant of the International Harvester company, said: "We are gradually replacing the foreign laborers by negroes, the work of the negroes being more satisfactory."

W. A. Bolbey, superintendent of the South Chicago works of the Illinois Steel company, said the company was experimenting and found the work of the negroes acceptable.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Bucklen & Co., Chicago, Ill., and Windsor, Canada. All druggists.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat?

Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

L. T. CURD, Wilmore, Ky.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. CLARK, M. & O. R. R. Co., Mobile, Ala.

Coming Matrimonial Event.

Frank Davidson Company.

The appearance of Frank Davidson in the role of "Farmer Hopkins" in the rural drama of that name, was the occasion for a most appreciative audience to be present at the opera house Friday night.

As the old Connecticut farmer, Mr. Davidson sustained his past record and his supporting company was very good. Howard Happer, the comedian, was clever in his specialties, as were other members of the company.

The play is one of the sort that people enjoy as a pastime and the company is the right sort to make it run smooth. The music was good.
